Safe Cyber Christmas

West Midlands Police have asked that we share this information with you to help ensure children stay safe on the internet over Christmas—as well as in the future.

The most important message is that parents should not shy away from raising internet safety issues with their children. To get the conversation started, they have designed a Christmas card parents can download and pop inside digital gifts. We hope it will help highlight the risks and responsibilities that come with using social media.

Download and print your card here:
